Tommy Robinson

Tommy was at HMP Hull in a secure and safe wing of that prison with no Muslims on his particular wing. A decision was made from the top to ghost him in the night from Hull to HMP Orkney where 1 in 3 inmates are Muslim. The Prison Inspector himself stated that Orkney prison is unsafe for inmates.

All the information in his file that mentioned that he was a high-risk prisoner had been removed and he was being put onto 1 wing in the prison which we are led to believe is the only wing with no cameras! When Tommy protested that his life would be in danger the response from the Governor was "Your name is down as Lennon on the prison system, so you will be fine as no one will know who you are!"

The inmates had apparently been informed by the prison imam that he was being transferred the day prior. How did the imam know?

The first night Tommy was housed next to a Muslim inmate who spent the entire night smashing things at the wall telling him that he will murder him in the morning.

The only reason he was not seriously injured, or worse was that one officer decided to go against the orders from above and took him from his cell to the punishment block for his own protection.

Tommy is now being treated as a punished prisoner which is supposed to be a short term measure, isolation for more than 30 days can have serious impacts on your mental health.

Tommy's Routine they have forced on him in the punishment block

Locked up 23.5 hours a day in complete isolation

Allowed into a cage for 30 mins fresh air per day

Cell just consists of a single blue mat on the floor

They are now telling him for his first visit with his children it will be a closed visit which means Tommy will have see his children through a glass screen. He is being treated like Hannibal Lecter for reporting on a gang rape trial.

Tommy also had a video link legal visit booked at Hull on Friday to discuss his appeal with his legal team. They moved him to Orkney which does not have video link facility, so he could not meet with his legal team to progress his appeal.

Why was he moved from the safety of Hull where he had a normal prisoner regime into a prison that the prisons inspector himself has said is one of the most violent and unsafe prisons in the country with the largest Muslim population in all of the Midlands?

Résumé de la video par Laveritetriomphera

URGENCE : Tommy Robinson a été transféré dans une prison musulmane

Tommy veut que tout le monde connaisse la vérité. il a été transféré dans une prison avec à peu près 71% de musulmans dans l'aile principale où il est incarcéré et exposé. Il est dans une situation extrêmement dangereuse avec menaces de mort : « on va te tuer, te tuer, te tuer, te tuer, te tuer ce soir ».

Le commentateur rajoute que cette prison est pleine de meurtriers, de violeurs.

Tommy a déjà été incarcéré et a frôlé la mort suite à des attaques d'extrémistes musulmans. Ils se trouve confronté à la même catégorie de prisonniers. Et les gardiens ont cru bon de lui dire qu'il n'est pas aimé là où il se trouve. Tommy est donc livré aux lions (sic) par des autorités qui avec l'arrogance des despotes veulent sa mort.

Il est clair que l'on veut se débarrasser d'un prisonnier politique non violent, un héros, parce que le peuple britannique a réagi et que les autorités veulent que cela cesse. Nous devons aussi prendre en compte la censure, et réaliser à quel point nous touchons le fond. Ce qui arrive à

Tommy peut arriver à d'autres.

Ceci n'est pas une plaisanterie Tommy Robinson a été envoyé à la potence.

Soutenons Tommy Robinson.

Traduction également de quelques commentaires :

John GB

« Je n'ai jamais vu les Britanniques si remontés depuis les émeutes quant à la poll tax https://fr.wikipedia.org/wiki/Poll_tax »

Espérons que Theresa May réalise que Tommy est plus populaire qu'elle ne le sera jamais et la colère du peuple britannique s'accroît de jour en jour.

Si Tommy est blessé, je préfère ne pas me prononcer sur les répercussions ».

FreedomIsSlavery

« Ils veulent sa mort pour que les masses envahissent les rues et provoquent des troubles. Ce qui les excusera pour restreindre encore plus nos libertés et ils voteront des lois «extrémistes» encore plus draconiennes. La Grande Bretagne sera un état encore plus policier qu'elle ne l'est aujourd'hui.

Si Tommy Robinson est assassiné. Je serai dans les rues. Je ne me suis jamais révolté auparavant. Mais, ce sera la goutte d'eau qui aura fait déborder le vase.

Voici ce que j'ai compris en gros du texte ci-dessus =

Tommy était dans une prison sans musulmans (ou peu) il a été transféré pendant la nuit dans la prison d'Onley où un détenu sur 3 est musulman. Quand il a protesté que sa vie serait en danger, le gouverneur, avec un cynisme abominable, lui a répondu qu'il était connu par son vrai nom Lennon, qui n'était connu de personne et donc qu'il n'y avait pas de souci....

Pourtant les détenus ont été prévenus par l'imam ! Ils savent tous que Tommy Robinson est parmi eux. Pendant la première nuit, un musulman a tapé sans cesse sur le mur de séparation des deux cellules en disant : demain matin, je te tue.

S'il a échappé à la mort, certaine, c'est uniquement parce que l'un des gardiens a pris l'initiative de le mettre au secret, pour lui sauver la vie.

Ainsi tommy Robinson est-il soumis à un régime abominable que personne ne peut supporter plus de 30 jours...

Il est seul 95 pour cent du temps et a droit a 30 minutes pour prendre l'air chaque jour.

Quand ses enfants viendront le voir, ils ne pourront l'apercevoir qu'au travers d'une vitre. Il devait en principe échanger avec son avocat par video-conférence, impossible là où il est actuellement.

La question est : pourquoi l'ont-ils sorti d'une

prison où il était en sécurité pour le mettre dans
une prison où il risque sa vie ?

Ce qui se passe est terrible, terriblement angoissant. Il est clair qu'ils condamnent Tommy à mort, et cela malgré la mobilisation internationale intense.

Quelque chose est pourri au royaume d'Angleterre. Et tout cela pour l'islam...
